

Plant "Imagination"

Tradescantia x andersoniana 'Little Doll'

Salvia nemerosa 'East Friesland'

Tradescantia x andersoniana 'Little Doll' is a dwarf Spiderwort. Flowers are pale lavender-centered with golden stamens. Blooms sparkle on the little plants from spring through fall. Can be used as a border or in a rock garden.

Salvia nemerosa 'East Friesland' has spikes of violet-purple, tubular flowers with light green, aromatic foliage in June and July. It will attract butterflies, bees and birds.

Do you have an unusual plant? If so take several digital pictures and send them to me along with the Latin name.
